

Coastal Bend COLLEGE

Coastal Bend College Students, Faculty, and Staff:

Coastal Bend College (CBC) administrators are working in collaboration with CHRISTUS Spohn Hospital Beeville and its medical team to review CBC's protocol and procedures regarding infection control.

We are working to maintain a healthy learning and work environment as well as create awareness of the coronavirus (COVID-19). Posters providing guidance on how to stop the spread of respiratory diseases like COVID 19 have been placed around campus locations. This information may also be accessed here [[ENGLISH](#)] [[SPANISH](#)]. CBC will continue to monitor the COVID-19 outbreak with local and state agencies, take proactive measures, and keep you informed.

You are encouraged to seek medical care if you are experiencing symptoms such as fever, cough and shortness of breath. **However, you should call your provider and alert them of your symptoms prior to visiting their location.**

If you are a CBC **student** and are experiencing symptoms such as fever, cough and shortness of breath please contact CBC at coronavirusstu@coastalbend.edu.

If you are a CBC **employee** and are experiencing symptoms such as fever, cough and shortness of breath please contact CBC at coronavirusemp@coastalbend.edu.
