Dream Team Meeting Topics:

Achieving the Dream principles

1. Continued leadership commitment by the college's Board, CEO, and other leaders including a consistent data-informed student success message and courageous decision-making. Improvement? Lingering challenges?
2. Progress/challenges building and sustaining a culture of evidence (data), including the systemic use of disaggregated longitudinal cohort tracking across at least the five core indicators.
3. Engaging internal and external stakeholders in problem-solving activities to improve student learning, equity, and success. Big wins? Challenges?
4. Success/challenges institutionalizing college's student success efforts via revised policies, planning, budgets, and organizational structures.
5. Boldly addressing inequities of student achievement gaps. Evidence? Big wins? Challenges?
