Class Attendance and Classroom Conduct Policies

Attendance Policy: Coastal Bend College Automotive program records the daily attendance of each student. Poor attendance and frequent lateness can dramatically affect the student's ability to master the pertinent knowledge and skills required for successful course and program completion.

- The monitoring of attendance starts on the very first day of class and is recorded on a daily basis.
- The monitoring of tardiness starts on the very first day of class. Any student that is more than 10 min late from the scheduled start time of class will be considered absent. If a student is considered tardy, he or she shall receive a 50% discount on attendance for that course (for that day).
- To ensure attendance is captured, CBC uses Black Board attendance system. The instructor records attendance and tardiness at the start of every course (student must be present for lecture and lab).
- Regular attendance and punctuality at scheduled class times is expected of all students.
- All class work and assignments missed because of absence must be made up by the student, whether the absence is excused or unexcused. Unexcused absence will count toward the 6-day maximum absences limit. An excused absence is one for which the student has given advance notice to the instructor that he or she will be unable to attend a particular class or laboratory. An unexcused absence is one for which no advanced notice was provided.
